## PLANNING UNIT CONSIDERS DEBATE ENDED

### Nixon's Record Pegged Target For Dem Jibes

Party Chief Cites 'Risk'

Butler Claims Veep 'Demeans' U.S. System

By THE ASSOCIATED PRESS

The political record of Vice President Nixon will be a prime Democratic target in the 1956 presidential campaign, Democratic National Chairman Paul M. Butler said last night.

Butler said Democrats also would attack what he called the "failure and fumbling" of the Eisenhower administration, which he accused of "trying to take credit for everything."

On the other hand, Sen. Dirksen (R-Ill.) declared that Nixon's decision to run again "assures a Republican victory all over the country."

Butler said voters will consider that in voting for Eisenhower this time they would be "taking the risk and possibility" of putting Nixon in the White House.

Nixon's campaign technique, Butler said, not only "demeans but debauches the whole American system." He accused Nixon of "impugning the patriotism" of former President Harry Truman, among other things.

BUTLER ALSO denied he expects Adlai Stevenson over Sen. Estes Kefauver as the Democratic presidential candidate, party chairman he said he wants only to get a candidate chosen and elected.

Kefauver said, meanwhile, he expects to be the Democratic nominee. "All the reports that I received from Florida and California... show that we are on the upgrade," he told a rally of District of Columbia supporters.

### G-Man Says Plane-Bomber Told No Cause

DENVER (AP)—An FBI agent who heard two confessions from John Gilbert Graham says the 24-year-old murder trial defendant never did explain exactly why he blew up an airliner that plunged his mother and 43 others to death.

Graham has since denied the truth of the confessions, which the FBI said he gave last Nov. 13-14.

The trial entered its 13th day today with continuing testimony from Special Agent James R. Wagoner, chief questioner for the FBI when Graham made his admissions.

A typewritten, signed statement by Graham and an oral confession as related by Wagoner were placed before the seven men and five women jurors Saturday over defense objections. Entered as direct evidence, they give the state grounds for demanding the death penalty when the case goes to the jury later this week.

Graham is charged in the death of his mother Mrs. Daisy E. King, 55. In the confessions, he said he stuffed a 25-stick dynamite time bomb in her suitcase before it was stored on a United Air Lines plane that exploded last Nov. 1 near Longmont, Colo., 11 minutes after leaving Denver.

After Graham signed the confession, Wagoner said, he asked him why he bombed the plane. "Graham said he didn't know," said he couldn't remember why," Wagoner testified.

### Race Ban Asked

ROME (AP)—The Italian government was asked today to ban future runnings of Italy's thousand mile road race. Five were killed and about 20 injured in the auto classic yesterday.

### Keeping Score On The Rainfall

RAINFALL FOR 48 HOUR PERIOD

### Direct Parley With Ike Seen As Red Goal

Khrushchev Blames 'Certain Circles' For Cold War Continuance

MOSCOW (AP)—Communist party chief Nikita Khrushchev told 10,000 cheering Russians today the United States is moving in the direction of cooperation with the Soviet Union.

His speech was broadcast and televised throughout the Soviet Union from Moscow's central military airport, where Khrushchev and Premier Nikolai Bulganin had just landed on their return from a 10-day tour of Britain.

Both Bulganin and Khrushchev praised British hospitality and the results of their negotiations with Prime Minister Eden. But they had scathing words of denunciation for the Labor party, the British socialist movement, which they accused of following "a reactionary anti-Soviet policy."

The bold overture to the United States indicated Bulganin and Khrushchev aim at developing direct negotiations with President Eisenhower on world problems.

This was foreshadowed by a Pravda editorial yesterday and has been common knowledge in the Moscow diplomatic circle.

IT WAS A STRANGE forum Khrushchev took to make the overture to Washington—a scarlet draped podium at the airport where only talk of Britain had been expected.

Khrushchev blamed "certain influential circles" in the United States "for blocking an end to the cold war and added:

"Yet we think that in the United States, too, there are signs of a desire for improvement. Eisenhower's speech to newspaper editors testifies to this, although we cannot agree with some of the things he said."

In a speech to the American Society of Newspaper Editors on April 21, President Eisenhower said a Soviet government genuinely devoted to the legitimate interests of the Russian nation "can have friendly relations with the United States and the free world for the asking."

### New 'Handy' H-Warhead Said Issued

WASHINGTON (AP)—The Air Force says a major scientific breakthrough has assured hydrogen warheads "light and handy enough to be carried by long-range missiles of reasonable size."

Two Air Force generals testified that although much engineering work remains, "no inventions are required" to perfect intercontinental missiles. They disclosed also that a definite schedule of development has been prepared, and expressed confidence it will be met.

The testimony was given by Maj. Gen. S. Brentnall, assistant chief of staff for guided missiles, and Maj. Gen. Bernard A. Schreiber, who is in direct charge of the long-range missile program.

Brentnall said missile development was long stymied because of the size of the warhead. But he said the "advent of lightweight high-yield warheads" has simplified many technical problems and assured eventual success.

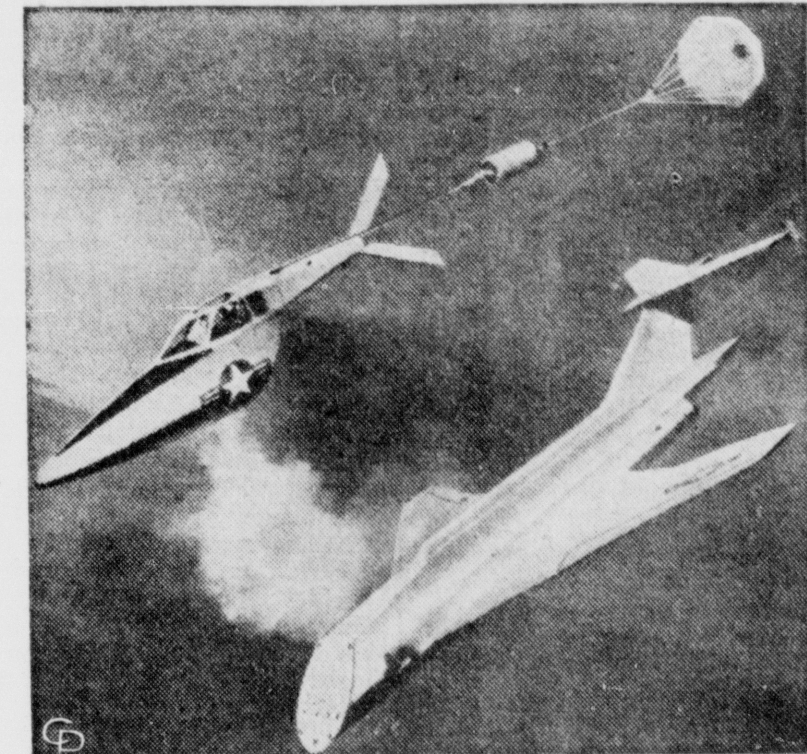

Schreiber said the big job now is to plan and put together the complex system required to operate accurate missiles. He did not say, in the released testimony, how long that might take.

### Fifth Childhood Disease Reported

HOUSTON, Tex. (AP)—Discovery of the virus causing a strange "fifth disease" in children was reported today to the Society of American Bacteriologists.

The fifth disease is erythema infectiosum, so called because it can be mistaken at times for measles, German measles, scarlet fever or another rash disease, roseola infantum.

Erythema infectiosum, hitting in epidemics, brings a harmless red-dish rash on the face and other body parts. It may be more common than supposed.

THIS IS an artist's conception of an escape capsule to enable pilots to leave supersonic aircraft and survive. Here the entire cockpit separates from the plane and has a parachute attached. Drawing illustrates problem discussed by A. M. Mayo, Douglas engineer, before Aero Medical association in Chicago.

### You Got 'GOK'? It's 'Yoo Yoo' Now

LOS ANGELES (AP)—If you have ever suffered the disease known as GOK, you may be interested to know there's a new name for it. It's now called yoo yoo.

Dr. Margaret Ann Storkan, Redondo Beach, told the California Medical Assn. convention it used to be that whenever a disease was not clearly defined in the mind of your physician, it was labeled GOK -- "Gosh only knows."

In order to standardize the nomenclature, Dr. Storkan explained, a physician at sea with your symptoms will now classify it in his files as "yoo yoo." And it still means: complete ignorance of the nature of the disease both as to location and cause.

### Price Of Milk Raised 1 Cent

Two of Circleville's three dairies have announced that milk will cost another cent a quart starting Tuesday. The third dairy, expected to make the same change, did not comment.

A spokesman for one of the two dairies said the increase came as a result of a general hike throughout the state being paid to milk producers.

Other dairy products prices will be raised accordingly.

### Bombing Victim Said Improving

DAYTON (AP)—Andrew Donald Dixon, 27, victim of a mysterious bombing at his home before his scheduled marriage Saturday, was reported in a "satisfactory" condition today.

Meanwhile, police said they had no new developments to report on their investigation, and no clues as to who had placed a home-made bomb on the Dixon front porch at nearby Englewood.

Dixon was hurt seriously, and his sister and two aunts suffered minor injuries when the bomb, placed in a plain cardboard box, was opened in the living room of the Dixon home Saturday.

### Israel Says Egypt Kills 3 On Border

JERUSALEM (AP)—Israel said today that weekend incidents on the Egyptian-Israeli border cost it three dead and one wounded.

Egypt and Israel, parties to a 12-day old cease-fire agreement, each blamed the other for the flareup.

The accusations came as U.N. Secretary General Dag Hammarskjöld neared the end of his peace mission to the Middle East, begun April 6. He held a final meeting in Cairo this morning with Egyptian Foreign Minister Mahmoud Fawzi.

An official Israeli announcement said a second soldier died today as a result of a mine explosion under a military vehicle. The first was killed yesterday at the time of the explosion near Izhak close to the frontier of Egypt's Gaza Strip. Israel also reported a farmer was killed in another incident.

### Head-On Crash Kills 4 Persons Near Chillicothe

Death Car Reported To Circleville Police Prior To Accident

A car reported to local law enforcement authorities as moving recklessly down Route 104 Sunday ended up by crashing head-on into another car.

As a result of the crash north of Chillicothe, at the entrance to the Ross County Fairgrounds, four Columbus residents are dead and a 17-year old Columbusite is in "serious" condition in Chillicothe Hospital.

The four who were killed were all passengers in the southbound car. The driver of the other car, Daniel M. Duncan, suffered the loss of one eye and also numerous lacerations.

Circleville police had received a report on the southbound car from a motorist. The report was relayed to Chillicothe police, who were to be stationed strategically to intercept the car when it approached that city.

HOWEVER, no sooner had the Chillicothe police received the message than they were notified that the car had already been involved in a crash.

The dead were identified as: Earl G. Newsome, 40; Walter Wickline, 32; Vera Marie McConaha, 39; and Betty Newsome, 31.

The State Patrol said that evidence indicated the southbound car was driven by Newsome and that it was slightly left of center on a slight curve when it struck Duncan's car.

### U. N. Wins Poll

RANGOON, Burma (AP)—Prime Minister U Nu's socialist, neutralist regime has been returned to power for another four years.

### Fire Ruins Church

NORWICH, Conn. (AP)—Fire swept through the Sacred Heart Roman Catholic Church yesterday, causing damage estimated at half a million dollars.

### Israel Says Egypt Kills 3 On Border

JERUSALEM (AP)—Israel said today that weekend incidents on the Egyptian-Israeli border cost it three dead and one wounded.

Egypt and Israel, parties to a 12-day old cease-fire agreement, each blamed the other for the flareup.

The accusations came as U.N. Secretary General Dag Hammarskjöld neared the end of his peace mission to the Middle East, begun April 6. He held a final meeting in Cairo this morning with Egyptian Foreign Minister Mahmoud Fawzi.

An official Israeli announcement said a second soldier died today as a result of a mine explosion under a military vehicle. The first was killed yesterday at the time of the explosion near Izhak close to the frontier of Egypt's Gaza Strip. Israel also reported a farmer was killed in another incident.

### Cuba Cuts Rights As Revolt Fails

HAVANA (AP)—Cuba's Cabinet today ordered a 45-day freeze on constitutional guarantees after 70 civilian rebels attacked an army base 60 miles east of Havana in an apparent bid to take over the country.

The government of President Fulgencio Batista said the revolt at the Domingo Goicuria army base, just outside Matanzas, had been crushed swiftly with 11 rebels killed and a number wounded. It said only three Cuban soldiers were wounded.

The army announced that former President Carlos Prío Socarras, who has been repeatedly charged with plotting against the government, had been arrested with a number of his friends.

Gen. Francisco Tabernilla, army chief of staff, said Prío Socarras, who was ousted by Batista in a bloodless revolt in March 1952, had been taken into custody "to protect the personal safety of the former president."

When word of the revolt reached Havana, Batista reportedly left the capital to take personal command of the army.

The government communique said all police, army and navy leaves had been canceled and all members of the armed forces ordered to quarters.

The cabinet's move to suspend guarantees went into immediate effect. The action must be confirmed by Congress, but approval appeared certain.

The suspended guarantees are freedom of assembly, inviolability

of mail and freedom of speech and of the press. There was no indication, however, that the government intended censorship.

Under the decree, the government also is empowered to hold arrested persons incommunicado as long as it desires.

A government account of the revolt said the rebels, "heavily armed with machineguns, rifles, carbines and grenades," tried to seize the Domingo Goicuria base.

He said the Columbia Broadcasting System and the National Broadcasting Co. have established "an unprecedented economic stranglehold" on the industry. CBS promptly declared Bricker was "grossly inaccurate."

Citing what he said was heretofore secret information from Federal Communications Commission files, Bricker said CBS, NBC and their 73 affiliated stations in the northeastern area had a combined net income in 1954 of about \$90,600,000, while all other stations and networks suffered a combined net loss of about \$300,000.

"That this is economic monopoly cannot be denied," Bricker said.

A denial came from Frank Stanton, president of CBS, who said Bricker "has presented a grossly inaccurate picture."

"BY NO ACCEPTED standards does CBS have anything even approaching monopoly in the television broadcasting business," Stanton said.

"The last time or two we've had a splendid turnout for the bloodmobile despite different obstacles, and we certainly hope that everybody who can will come out again this Thursday."

"THE BIG danger is that too many donors will figure we can coast on the good work done at the time of the last visit, and of course we all know that can't be done. From the good showing last visit, we could very easily fall by a wide margin this time—unless we get immediate help in the form of blood donations."

"We'd appreciate it if all friends of the blood program will help circulate the word. And remember, the day is this coming Thursday."

### Cincinnati Firm Jolted By Bomb

CINCINNATI (AP)—The Melben Products Co., which makes industrial cabinets and guards for machinery, was damaged today by a bomb, Assistant Fire Chief Harry Selhorst said.

Windows in several nearby homes were shattered, and people living several miles from the scene reported that they felt the explosion. The company is located near Coveland in the western section of the city.

Two doors and a section of the roof of the building were blown away. Paint cans and several finished products were damaged inside the structure, firemen said. No estimate of the damage was made immediately.

### 12 Persons Killed On Ohio Highways

COLUMBUS (AP)—A two-car collision near Chillicothe that killed four persons yesterday helped boost the total number of fatalities on Ohio highways over the weekend.

An Associated Press survey of accidental deaths from 6 p.m. Friday to last midnight showed 12 persons died on the state's roads and three others were killed in miscellaneous mishaps.

### Commission's Meeting Tonight May Be Brief

Haecker To Reveal Results Of Poll, Ask For Final Decision

Circleville's Planning and Zoning Commission does not expect to hear a renewal of debate on the subject tonight when it acts on a proposal to rezone 10 residential areas north of Hargus Creek.

Ludwig Haecker, chairman of the planning body, said: "We don't expect any debate tonight. We do not plan to have any comment by either side."

The planning chief presumably had discussed the question of further debate over the weekend with members of the commission. He had previously said he did not know whether further debate would be permitted, and that "it will be up to the other members of the commission to decide."

THE commission tonight will decide what recommendation it will make to city council on the rezoning proposal. The rezoning move would clear the way for a shopping center north of Hargus Creek and between Court and Pickaway streets.

A special poll of the affected property owners is expected to play an important part in the vote the commission will take tonight when it meets at 8 p. m. in city council chambers, on the second floor of the municipal building.

Haecker declined to reveal in advance any results of the special poll, taken by mail last week. However, there were reliable indications that virtually all of the affected property owners had mailed in ballots, and that the voting is "close."

The commission's recommendation will probably be placed before council at the regular meeting of the lawmakers Tuesday night. Council will make the final decision on the rezoning plea.

Haecker said the commission plans to announce the results of the property owner poll shortly after the public meeting opens tonight. Then, he said, members of the commission will vote, "and that will be it."

### Target Date Set In Negro Campaign

OWENSBORO, Ky. (AP)—The 100th anniversary of the Emancipation Proclamation, Jan. 1, 1963, has been named as the target date by the Kentucky unit of the National Assn. for the Advancement of Colored People for ending segregation in this state.

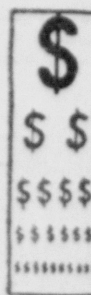

A resolution to this effect was adopted by the NAACP group here yesterday.

Roy Wilkens, executive secretary of the national organization, told the group the only way Negroes can advance is "register to vote and then vote."

"You must demand that your party have a good civil rights plan," he said. "Demand that the politicians give you what is rightfully, legally yours."

### "EYE CHART FOR CHORUS GIRLS"

The Chorus Girls is an important part of our American Way of Life, like apple pie and Basil Rathbone. If it weren't for Chorus Girls hundreds of elderly Manufacturers would have to spend their leisure time building model airplanes or spinning Yo-Yos. And if they didn't wear mink coats (the girls, not the Manufacturers) we'd all be up to our necks in the little animals. I think we owe Chorus Girls a vote of thanks. In fact last Saturday night I went to the Copacabana to thank a couple of them personally but the Head Waiter was a Trouble Maker who had no public spirit. He threw me out of the Dressing Room and confiscated my binoculars and my 12 bags of gum drops.

## Six 'Drunk' Motorists Head List Of Busy Docket In Muny Court

Experiencing one of its busiest non-holiday weekends, city court levied penalties against 27 motorists. This included six "drunk" drivers, considered by court officials as something of a record.

The court docket included the following, part of which were waivers:

### "Drunk" Drivers

Charles R. Swackhammer, 32, of Laurelville Route 1; Edgar W. Danner, 29, of Adelphi; and Albert Hoyle, 36, of Columbus; each fined \$150 and costs, sentenced to five consecutive days in jail and had their driving rights suspended for six months; all three arrested by State Patrolman Gene Miller.

John D. Sturgill, 29; Charles W. Raver, 38; and Carl W. Peters, 45; all from Columbus; each fined \$100 and costs, sentenced to three consecutive days in jail and licenses suspended for six months; Sturgill arrested by Officer John Lock.

## Schools Get Big Share Of Tax Total

Schools received more than half of all the taxes paid on real estate and public utilities in 1955, reports of county auditors to State Auditor James A. Rhodes reveal.

Each year their slice of the tax pie gets a little bigger. In 1955, schools got \$237,299.679 or 58.04 percent of the \$408,821,799 paid in 88 counties in real estate and public utility taxes. In 1954, schools received \$211,832,673, or 56.48 percent of the \$373,737,996 collected.

In 1953, they got \$191,577,803, or 54.85 percent of the \$349,268,734 paid. Last year cities and villages' share was \$88,598,730, or 21.67 percent; the counties' share, \$52,416,786, or 12.82 percent; special assessments took \$15,699,566, or 3.84 percent; townships, \$11,674,967, or 2.86 percent, and the state for World War 2 bonus bonds, \$3,132,062, or 0.77 percent.

## Dowler To Assist IFYE Conference

David Dowler of Ashville has been named co-chairman of the recreation committee for the fifth annual International Farm Youth Exchange conference.

The conference is scheduled for Estes Park, Col., August 7-10. It is held in conjunction with the program which aids international goodwill through the exchange of farm youths of the different countries.

Dowler's appointment was made by Miss Fern Johnson of Cedar City, Utah, national chairman of the IFYE conference.

Dowler, widely known in Pickaway County through his work in behalf of the IFYE program, went to India in 1953 as an exchangee. He lived and worked with Indian farm families.

Dowler will join about 200 other IFYE alumni from nearly every state in the Union to discuss the conference topic, "Are You—or Were You—an IFYE?"

## MARKETS

**CIRCLEVILLE HOG MARKETS**  
Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

180-220 lbs., \$15.75; 220-240 lbs., \$15.25; 240-260 lbs., \$14.75; 260-280 lbs., \$14.25; 280-300 lbs., \$13.75; 300-350 lbs., \$13.25; 350-400 lbs., \$12.25; 170-180 lbs., \$14.75; 160-170 lbs., \$12.50.

Sows, \$13.50 down; stags and boars \$9.50 down.

### GRAIN FUTURES

**CHICAGO** — Good rains over most of the grain growing territory created selling in wheat, corn, oats and rye at the opening on the Board of Trade today.

Wheat started 1/2 to 2 cents lower, May \$2.34 1/2, corn 1/2 to 1 1/4 lower, May \$1.49 1/4, oats unchanged to 1/2 lower, May 65 1/2-3/4, and soybeans 1 1/2 lower to 2 1/4 higher, May \$3.17-\$3.18.

**Cafe Owner Hurt In City Gun Duel**

**COLUMBUS** — A cafe owner was wounded in the stomach early today by a robber during a gun battle at the rear of the owner's home.

**Police said Fred D. Phillips, 58**, owner of the Club Cafe, is in fair condition in a hospital.

**Phillips was returning home** with the club's receipts when the holdup man stopped him. Officers said when Phillips reached for a gun the robber fired and fled. Phillips fired three shots at the fleeing man but did not know if any of the shots hit him.

**Shrine Meeting**

**CLEVELAND** — The 62nd annual session of the Supreme Shrine of the Order of White Shrine of Jerusalem will open tonight in Hotel Cleveland and continue through Thursday.

**Hospital To Open**

**WOOSTER** — The nearby Apple Creek State Hospital will hold "open house" Tuesday in observance of National Mental Health Week, April 29 to May 5.

**Too Late To Classify**

**CLERK** wanted at Glt's Grocery. Franklin & Mingo Sts. Ph. 709.

## Numerous Accidents In Traffic Noted For Area Over Weekend

Numerous traffic accidents — some in Pickaway County and others outside this area but involving local residents — were reported over the weekend.

**The non-county accident took place north of Chillicothe** near the intersection of Routes 159 and 23 at 2:35 a. m. Sunday. Two Circleville residents were hospitalized and another treated but released. (See separate story for details.)

**In county mishaps, three persons** were hurt over the weekend, none seriously. Several other accidents did not result in injuries.

**Mary Ellen Smith, 24**, suffered a deep laceration on the right side of her head when the car in which she was riding struck the rear of another vehicle. The collision took place on W. Main St. east of Scioto St.

**HARRY L. SMITH, 30**, of Circleville Route 4, driver of the car, is being cited by police with failure to have assured clear distance. He was not hurt, nor was the driver of the car he struck, 30-year old Willie Williams of Fairview Ave.

**TOSCA TOLD** sheriff's deputies that he had stopped for the stop sign and then proceeded into the intersection. Miss Wilson said Tosca's car cut into the wrong lane.

**A 12-year old Williamsport boy**, Ned Wallace, was knocked from his bicycle when he reportedly made a quick left turn in front of a car. He suffered a bump on the head, a cut on the back and abrasions.

**The mishap took place at the** Southend of Williamsport on the Williamsport-Chillicothe Rd. Driver of the car which struck the bike, 64-year old Allen T. Roberts of Circleville Route 2, was not held by the sheriff's department, which investigated.

**MISS HOLCOMB**  
Mr. and Mrs. Roy Holcomb of Lowery Lane are the parents of a daughter born at 1:50 p. m. Saturday in Berger Hospital.

**MASTER SPANGLER**  
Mr. and Mrs. Jerry H. Spangler of 229 S. Scioto St. are the parents of a son born Saturday at 7:50 p. m. in Berger Hospital.

**MISS LONG**  
Mr. and Mrs. Carl Long of Williamsport Route 2 are the parents of a daughter born in Berger Hospital at 2:18 a. m. Sunday.

By coincidence, Williams was involved in another accident the following day, Saturday. His car went over a curb at the intersection of E. Main St. and Lancaster Pike and struck a utility pole. He then left the area.

**Williams was arrested by city** police and taken to city court. He was fined \$50 and costs for leaving the scene of an accident, and \$25 and costs for reckless driving. Police said there was evidence of drinking.

**Helen Wilson, 47**, of Chillicothe, suffered bruises and abrasions when the car in which she was a passenger collided with another auto at the intersection of Routes 23 and 752.

**She was riding in a car being** driven north on Route 23 by Mary Lee Wilson, 17, of Chillicothe. A second car, driven by Denam Tosca, 66, of Ashville, came out of Route 752 and the two vehicles collided.

**TOSCA TOLD** sheriff's deputies that he had stopped for the stop sign and then proceeded into the intersection. Miss Wilson said Tosca's car cut into the wrong lane.

**A 12-year old Williamsport boy**, Ned Wallace, was knocked from his bicycle when he reportedly made a quick left turn in front of a car. He suffered a bump on the head, a cut on the back and abrasions.

**The mishap took place at the** Southend of Williamsport on the Williamsport-Chillicothe Rd. Driver of the car which struck the bike, 64-year old Allen T. Roberts of Circleville Route 2, was not held by the sheriff's department, which investigated.

## DEATHS AND FUNERALS

### MRS. MARY HOCKLEY

Mrs. Mary Hockley, 84, died about 6:30 p. m. Saturday at the home of a daughter, Mrs. Blanche Smith, near Adelphi. Death was due to advanced age and complications.

**Mrs. Hockley was born near** Hallsville, a daughter of Silas and Mary Kerns Jones. Her husband preceded her in death.

**Survivors include:**  
Three daughters, Mrs. Georgia Koch of Newark, Mrs. Carol Truex of Springfield, and Mrs. Smith; one son, Curtis Hockley of Gahanna; seven grandchildren; 11 great-grandchildren; two sisters, Dela Pyle of Clarksville and Stella Giles of Chillicothe, and one brother, Edward Jones of Tarleton.

**Funeral services will be held** Tuesday at 2 p. m. in the Hill Funeral Home at Kingston. Burial will be in the Hallsville Cemetery. Friends may call at the funeral home.

### WILLIAM L. KNESS

William L. Kness, 84-year old retired farmer, died Sunday about 1:30 a. m. at the home of a son, Samuel Kness of Kingston Route 2, near Hallsville. Death followed an illness of several years.

**Mr. Kness was born Sept. 4**, 1871, in Harrison Township, Ross County. He was a son of Eli and

**Survivors include the following:**  
Three sons, Samuel, Cliff and Howard, all of near Hallsville; three daughters, Mrs. Anna Robertson of near Columbus, Mrs. Katherine Adams of Circleville, and Mrs. Florence Price of Chillicothe Route 1; 39 grandchildren, and 57 great-grandchildren.

**Funeral services will be held** Tuesday at 2 p. m. in the Hill Funeral Home at Kingston. Burial will be in the Hallsville Cemetery. Friends may call at the funeral home.

**Survivors include the following:**  
Three sons, Samuel, Cliff and Howard, all of near Hallsville; three daughters, Mrs. Anna Robertson of near Columbus, Mrs. Katherine Adams of Circleville, and Mrs. Florence Price of Chillicothe Route 1; 39 grandchildren, and 57 great-grandchildren.

**Funeral services will be held** Tuesday at 2 p. m. in the Hill Funeral Home at Kingston. Burial will be in the Hallsville Cemetery. Friends may call at the funeral home.

**Survivors include the following:**  
Three sons, Samuel, Cliff and Howard, all of near Hallsville; three daughters, Mrs. Anna Robertson of near Columbus, Mrs. Katherine Adams of Circleville, and Mrs. Florence Price of Chillicothe Route 1; 39 grandchildren, and 57 great-grandchildren.

**Funeral services will be held** Tuesday at 2 p. m. in the Hill Funeral Home at Kingston. Burial will be in the Hallsville Cemetery. Friends may call at the funeral home.

## "Mary Hawthorth's Mail"

DEAR MARY HAWORTH: My daughter Eve, is now 15. She is five feet, five inches tall and weighs 120 pounds, and isn't bad looking; but she insists she is fat and ugly and won't try to look nice.

She won't go with me to shop for clothes, and when I buy things for her, she won't have them, regardless of beauty or quality. If I give her money to shop for herself, she is apt to buy fancy underthings, and then ignore them too.

She is miserably jealous of her older sister, Ruth, who is 17, and not one bit prettier. I always help Ruth buy her clothes and she does look nice.

Eve will make dates with boys, then get mad with them before she leaves the house and refuse to go. Or she makes them bring her home by nine o'clock; then cries for a while. When I try to talk to her, she says no one is interested in her.

Her father always has been very fond of his two girls, but she despises him. She won't eat at table

with us; says her father smacks (in chewing) and gets on her nerves.

C. Y.

DEAR C. Y.: It seems sensible to assume that Eve is emotionally ill, or drifting towards it. She is tensely anxious almost to the point of hysteria, as the usual things, nowadays. And I feel she should have specialist help, and so should the family, in coping with her "crisis of nerves" in order to spare her a crackup, which could be serious. An ounce of prevention is worth a pound of cure in her case, generally.

The general tenor of Eve's distress indicates that she is wretchedly self-despising, with no conviction of lovability; and due to this unhappy slant, she is psychologically disintegrated, as it were. By that I mean, her personality isn't functioning as a unit. She is at war with herself, figuratively speaking—carrying on an inner dialogue of biting self-criticism and angry self-defense (or self-justification).

Whether it has an emotional or a physical or a functional basis, I don't think anyone knows, precisely. However, a first-rate psychiatric specialist, or analyst, can give the patient tremendous relief, by helping him (or her) get a good grasp on the realities of the situation and develop right attitudes for coping with life "as is."

Thus I suggest you get guidance from experts on the staff of your Community Mental Hygiene Clinic. Also, you might read Dr. E.M. Abrahamson and A. W. Pezet's book "Body, Mind & Sugar" (Holt publishers), to garner information about possible dietary causes of nervous distraction.

M. H.

Mary Hawthorth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

## This Is What District Vets Want To Know

(Veterans who have a question of interest to ex-servicemen should pass it along to Pickaway County Veterans Service Officer Jim Shea. His offices are in the basement of the courthouse at Circleville.)

Q—Does the VA demand a down payment on a GI loan?

A—The VA recommends, but does not demand, a down payment on a GI loan through a private lending agency. However, it is the policy of the lending agencies to require a small down payment on all GI loans. On a direct loan, through the Cincinnati VA office, a down payment of two to three percent is required.

Q—Will dividends from national service term life insurance continue?

A—Yes, they will. However, every five years, as your premiums on term insurance increase, your dividends will decrease.

Q—How about permanent plan government life insurance, will dividends decrease on it too?

A—No, your premiums on per-

manent-plan government life insurance do not increase after you first convert, and your dividends will not decrease.

Q—I am still carrying my government life insurance, but I have never received any dividends. Why is this?

A—Because you have never notified the VA that you want the dividends sent to you in cash. Unless you notify the VA to send the money to you, they will apply it to your insurance account, and it will remain there to be used in case you fail to make payments at any time in the future.

Q—My husband, whom I married in 1948, was a World War I veteran. He died in 1952 and when I applied for a pension the VA denied it. Why?

A—The law states the definition of a "widow" as "a woman married to a World War I veteran prior to Dec. 14, 1944, or 10 or more years prior to the date of his death." You do not meet either of those requirements.

Q—A friend of mine is a Spanish War veteran and has a nice income and still draws a pension. Why does the VA pay him this when I know his income is over \$2,700 per year?

A—According to the law, Spanish War veterans are not subject to income limitations.

Q—I am in training as a Korean veteran, under the Korean

GI Bill. Am I still able to use my GI loan?

A—Yes, you can. The fact that you are receiving one benefit does not deny you the right to receive another. However, it is doubtful if any leading agency would consider a man in training under the GI Bill as a good risk, because of his limited income.

## Monty Expects No Missile For Years

PARIS (AP)—Field Marshal Viscount Montgomery says the West will not have intercontinental guided missiles for at least five years.

NATO's deputy European commander spoke to some 300 scientists and military planners.

U. S. Army Secretary Wilber Brucker indicated recently the Army anticipates early success of a 1,500-mile ballistic missile.

## Japanese Fishing Boats Set Sail

HAKODATE, Japan (AP)—A fleet of more than 300 Japanese fishing boats has sailed for Aleutian waters on the biggest salmon fishing expedition in Japan's history.

The fleet will operate near waters in which Russia has drastically curtailed commercial salmon fishing operations.

## Probers To Study Cincinnati Blaze

CINCINNATI (AP)—Fire officials are slated to dig into the ruins of the National Guard Armory here today, seeking cause of the fire that burned it to the ground.

The two-story building was leveled Saturday. Damage was estimated at \$2 million.

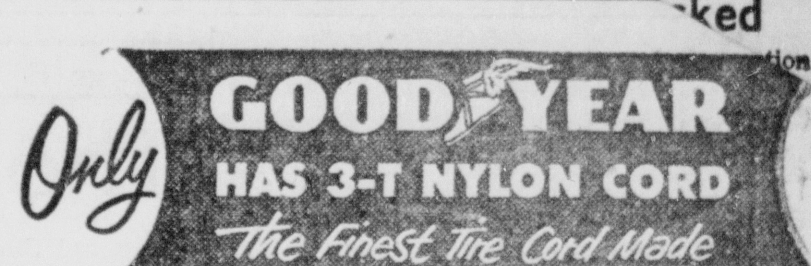

Maj. James E. Williams, executive officer of the 154th Field Artillery Battalion, said temporary training quarters for reserve units will be established in a garage on the armory grounds.

## Bathtub Drain Produces Snake

ST. LOUIS (AP)—William F. Power, 19, finished taking a bath and pulled the plug. Out of the drain popped a snake.

"I scared the daylight out of me," he said. "I was just paralyzed."

Before he could scramble out of the tub, the snake bit him on the big toe of his right foot. He suffered no ill effects. The snake was a nonvenomous type.

Power caught it and is keeping it in a goldfish bowl.

## Chillicothe VA Hospital Day Set

CHILLICOTHE (AP)—You're apt to think the people crowding into Chillicothe Sunday are on their way to a circus.

And, in a sense, they will be. Sunday is National Hospital Day, but nowhere else in the country is the turnout expected to be as large as the crowd locally.

Officials at Veterans Hospital here estimate that more than 35,000 people will visit the neuropsychiatric hospital and the things which have come to be associated with it.

## Lima Attorney Pleads Innocent

LIMA (AP)—Clarence G. Fischer, 49-year-old Allen County attorney, has pleaded innocent to 11 counts of embezzlement contained in two indictments returned by the local grand jury.

He was released on his own recognizance by Common Pleas Judge Moran B. Jenkins, pending trial set for July 9.

Two counts of one indictment accused Fischer of embezzling \$2,500 from a client. Nine counts of the second indictment resulted from a probate court investigation of Fischer's handling of estates.

## Buffalo Bull Gores Mate In Bronx Zoo

NEW YORK (AP)—A bull buffalo suddenly turned on his mate and gored her to death at the Bronx Zoo Sunday as several hundred visitors watched.

Gus Schilling, head keeper of mammals, said he did not know what caused the bull's action.

He said there is no scarcity of the buffalo, which are actually American Bison, and another pair will undoubtedly be obtained.

**BLUNDER**  
BY INVITATION of American officials, a group of Russian farmers came here last Summer for a visit and a group of American farmers went to Russia. Each of the 12-man delegation from Russia was a high-ranking Soviet official.

They came with cameras and notebooks and toured the farm belt, asking thousands of questions. The naive American farmers showed them everything — gave them a free education in American techniques and secrets of the farming trade.

The Russians are probably 20 to 25 years behind this country in agricultural practices and the communists' greatest weakness has been the inadequacy of their farming program. The knowledge they obtained here will greatly bolster their farm production.

It is very significant that the Russians concentrated on acquiring all the data on American techniques for production of hybrid seed corn and the machinery used for it, because this know-how will enable them to overcome the serious feed problem they now have in raising livestock.

The group the U. S. sent to Russia were farmers, pure and simple, with the exception of W. V. Lambert, dean of the University of Nebraska College of Agriculture. These framers learned nothing except that vodka was a pretty strong drink. They saw only what the Russians wanted them to see—a chicken coop or the Russian methods of farming which produced no new ideas for this country.

Senator Knowland believes, and many more officials are now beginning to believe, that the give-away of American agricultural secrets to the Russians was one of the worst blunders of this dangerous cold war era. After all, the Russians' avowed intention is to dominate the world. Americans should vigorously protest to Congress the squandering of any more vital information on the nation's enemies.

**A SPLENDID IDEA**  
WHEN ANYTHING untoward happens in the communist sphere, the West is sure to get the blame for it sooner or later. The reds are wroking around now to blaming us for the purges they are recanting.

One hint of it comes out of Hungary where the current regime has admitted that the execution of former Foreign Minister Rajk, in 1949, was a miscarriage of justice. The leading communist party organ of Hungary says: "Our enemies (the West) used every means against us. One of the most dangerous was the attempts to sow mutual distrust in the ranks of communists and skillfully to disseminate suspicion. They had, as we know now, helpers in communist parties and state apparatuses. . . . With their help it was not difficult to throw suspicion on certain leading personalities by means of cleverly fabricated evidence and to overthrow them."

This will amaze and chagrin those in the West who have contended that the psychological warfare of the free nations has been inept. If they have had the skills to penetrate red apparatuses and throw them

On Disciplining A Woman

By HAL BOYLE  
NEW YORK (AP)—One of the most important duties a parent faces is the infliction of discipline on one's offspring.  
All my life I have been a rebel against the idea of conformity. I have never wanted to be like anyone else. I have always wanted to be only myself and after many years I'm not sure I've found the goal. I know, better than any critic, that I have yet to become the one I'd like to be.  
Well, late in life but young in heart, my wife and I went to a department store to buy a toothbrush, and you know how those department store people get confused.  
Instead of what we really ordered, they sent a crying baby, wearing a pure mink diaper, to our address. Rather than say Macy's was wrong, rather than criticize Gimbel's, we took the girl. We named her Tracy Ann, and she is still the only thing after more than 18 years of marriage that a department store delivered which my wife has taken without checking on the exchange possibilities.  
Our only investment in her has been love, and we feel no need of a refund.

George E. Sokolsky's  
**These Days**  
Federal Judge W. D. Murray of Montana, son of Senator James Murray, got himself quite excited over a news release issued by the FBI and relating to one, John Cyril Hellman, who was stated in the news release to be "one of the leading Communists in Montana and Idaho." Judge Murray said of this:

"I read in the paper a statement issued by J. Edgar Hoover as to certain facts, or at least what he claims to be facts, with reference to this case. I can only say that such statements by the Director of the Federal Bureau of Investigation are wrong, they are not in accord with the American principle of trial in a court, and I condemn in the strongest terms possible the issuance of statements by police officials or investigating officers with reference to the facts of a case, presenting them to the public in an effort, apparently, to try the case outside of court.

"If this case had been in my division, immediately that I saw such a statement, Mr. Hoover and his Agents would have been called before me to account for such un-American, unfair tactics, and so, I say to you, and to all the public that Mr. Hoover's statements as to facts are not before this court, and the court makes no decision upon anything Mr. Hoover may believe, whether they be true or not. The place to present those facts is in court, and let him be advised of it."

This then is a new doctrine of secrecy, namely, that when an arrest is made, the arresting agency should make no statement that an arrest has been made and for what reasons. According to Judge Murray, arrests should be of the nature of lettres de cachet, in secret.

Hellman was arrested at 7:04 a. m. in Butte, Montana. The announcement of his arrest was made in Washington, D. C. at 9:12 a. m., about eight minutes after the arrest, the difference in time between Washington and Butte being two hours.

Hellman was the 139th person indicted under the Smith Act and each time such an arrest or any other arrest is made by the FBI an announcement of the facts is made, the attitude of the agency and its Director, J. Edgar Hoover being that it is not engaged in secret arrests.

It would appear from Judge Murray's complaint, which was interloped in his decision dealing with a motion to reduce bail, that his objection is to matters being discussed outside the courtroom which should be discussed only in the courtroom.

But a statement that an arrest has been made and for what reason, to the press, is normal procedure in the United States and is sanctioned by tradition and public opinion. The FBI release simply stated among other things:

"Hellman was arrested on the basis of a Federal warrant issued in Great Falls Montana, April 4, 1956. He is charged with violation of the membership section of the Smith Act which makes it illegal to be a member of the Communist Party knowing its aim to be the overthrow of the United States Government by force and violence. The penalties for this violation are a fine of not more than \$10,000 or imprisonment for not more than ten years, or both."

(Continued on Page Six)

into turmoil, what has stopped them from making a shambles of the whole communist shebang?

The Red Hungarian is, of course, a common liar. But he has given this country a splendid idea if Washington could only make it work.

Allergy and virus are as useful to doctors now as neuralgia formerly was.

**Unsightly Facial Scars Can Often Be Removed**  
By HERMAN N. BUNDESEN, M.D.  
DON'T doom yourself to a lonely life simply because of what seems to you to be unsightly facial scars caused by acne, smallpox or other diseases or accidents.  
It's natural for a person to be a little self-conscious about such marks. Too often, however, worry about scars seriously affects the mental outlook of a victim so much that he suffers economic difficulties and social insecurity. In most instances, the scars can be removed.  
**Several Methods**  
There are several methods of doing this, such as the so-called sandpaper surgery, by chemicals or by a more recent innovation—abrasion by rotary stainless steel wire brushes.  
The latter method requires neither hospitalization nor use of a general anesthetic. And the rotary brush procedure is painless throughout the entire operation.  
This procedure is relatively simple.  
An ice pack is placed over the area to be treated for about 20 minutes prior to the planing. The skin is then cleansed with alcohol.  
**Covered Eyelids**  
Eyelids are covered with a petroleum ointment and cotton plugs are inserted in the ears and nasal orifices.  
Next, the refrigerator Freon is sprayed on the skin, freezing it. This usually takes only about 20 or 30 seconds.  
The Freon serves as a local anesthetic and also solidifies the skin, presenting an even, hard workable surface.  
Propelled by an electric motor, the steel brush whirls around at 12,000 revolutions per minute. By slowly moving it up and down the scarred area, the doctor planes away the scars, much as you would plane a piece of wood.  
**Varied Widths**  
Different width brushes are used, depending upon the size of the scars and the area being treated. Ordinarily, only about 12 square inches are treated at one time, although both cheeks and the forehead can be done in one sitting.  
Generally, only one abrasive planing produces excellent results. Healing is usually complete within two weeks.  
If necessary, the procedure may be repeated in about six weeks.  
**QUESTION AND ANSWER**  
R. P.: Are sebaceous cysts dangerous and should they be removed?  
Answer: Sebaceous cysts are seldom dangerous. However, it is usually best to have them removed surgically.

**SYNOPSIS**  
Mrs. May Featherstone, wealthy English dowager, recognizes a passenger and senses trouble as she boards the "S.S. Caribbean" bound from England to Jamaica. Valerie Allison, a pretty red-haired nurse, and Dirk Hanson, who was engaged to Mrs. Featherstone's daughter, Eileen, at the time of her death in an auto accident, accompany her. Val is earning her passage by caring for Mrs. Featherstone, an invalid by imaginary illness. Dirk is overtly attentive to Mrs. Featherstone, hoping to be considered in her will. Eileen's earlier romance had been broken up by her mother, and her lover later becomes a doctor. Mrs. Featherstone becomes ill, but refuses to see the ship's surgeon. Val meets the man that Mrs. Featherstone had noticed among the passengers—Bruce Harridan—and he is now in the uniform of the ship's surgeon. Val learns that they will both be working at the same new hospital near Montego Bay after the voyage. She also learns that Dr. Harridan was Eileen's lover, and that he had threatened to kill Mrs. Featherstone at the time she wrecked their romance. Val worries about the outcome of a possible shipboard meeting between Dirk and Dr. Harridan, who is still very bitter about the past. Mrs. Featherstone refuses to leave her cabin, and Dirk and Val dine together. They become good friends but Mrs. Featherstone resents Dirk's attentions to Val.  
**CHAPTER 9**  
**DOCTOR BRUCE HARRIDAN** threw the door open himself. He stood looking at Val and she couldn't tell from his expression whether he was pleased to see her or not.  
"Well, well, Nurse Allison," he said finally. "So at last you've decided to pay me a visit. Come in and sit down." He indicated a bed made up as a divan. "Is this a professional call or a social one?" He added, smiling. "If it's the latter, can I send for some tea? I was just thinking that a cup of tea would be nice."  
"It's professional in a way," she added rather hastily. "But I would love a cup of tea."  
He pressed the bell by the cabin door and a few minutes later when the steward knocked he ordered tea.  
"You must have been kept pretty busy these past few days, Doctor," she said sympathetically.  
He nodded. "Practically everyone has been seasick. The crew as well as the passengers. Gosh, I wish I could have taken time off to be seasick myself!"  
She nodded her head of close-cropped bright red curls. "I understand how you feel, and I've only one patient to look after. You must have hundreds."  
"Not hundreds," he corrected, "but plenty. Cruise passengers, I've found, always require a great deal of attention. I suppose in bad weather the poor dears are bored stiff."  
"That may be part of Mrs. Featherstone's trouble," Val said. "She is bored, poor thing—at least," she amended, "when Dirk isn't visiting her."  
"She likes that, does she?"  
"Well, talking to him seems to make a pleasant change from talking to me."  
"I've gathered she's kept you pretty tied up in the cabin. I've looked for you each mealtime. You haven't been in the dining saloon."  
Her heart lifted and she felt absurdly pleased that he had noticed her absence. There was a pause that was faintly embarrassing. Oddly she felt it as a relief when the steward knocked and brought in the tea.  
When the steward had gone he said abruptly, "You're not looking any too well yourself."  
She smiled. "Perhaps I've been feeling slightly seasick."  
He nodded and leaned across the small table and poured her a cup of tea. "Somehow you look different from that first morning we talked," he said. "You looked so well then, full of vitality and life, able to cope with anything that might come along. Now, if you don't mind my saying so, you look sort of flattened out, as though you were frightened of something. Are you afraid of anything?"  
"I don't know why I should be," she said evasively, and deliberately she bent over her cup of tea. "What could I be frightened of on this ship?"  
He was some little time replying. Then he shrugged his powerful shoulders. "I don't know other than that Mrs. Featherstone may have been putting ideas into your head."  
"Well," she said gravely, "you

**Bennett Cerf's**  
**Try, Stop Me**  
"For Brooklyn: Don Newcombe pitching, Roy Campanella catching" is an electrifying announcement that proclaims the appearance of one of the greatest batteries in major league baseball annals. These two men are the nucleus of a championship team in themselves.  
It is Campanella who paces his off-field roommate and calls for the various pitches in Newk's repertoire. When Don occasionally shrugs off Roy's signal and delivers a change-up instead of his zingy fastball, Campy usually takes off his mask, strolls out to the mound, and says reproachfully, "What's the idea of giving me the local when I call for the express?" Newcombe apologizes—and the game goes on.  
How much does Campanella enjoy his arduous job of catching in the big leagues? He told one reporter, "Everything baseball has done for me is good and nothing is bad. The day they take that Dodger uniform off me, they'll have to rip it off—and when they do, they can bury me."

## Family Circle Entertains With Anniversary Party

Approximately 100 Attend Occasion

The Family Circle of Trinity Lutheran Church held its anniversary party Sunday evening in the church.

The Circle entertained the Confirmation Class with approximately 100 in attendance.

The tables were decorated to represent each month of the year and centering each was a birthday cake. The members and guests sat at the table representing the month of their birthday.

Those in charge of the kitchen committee were: Mr. and Mrs. James Mowery, Mr. and Mrs. Earl Steck, Mrs. Minnie Heise and Mrs. Alice Aldenderfer.

The Rev. and Mrs. Carl Zehner and Mr. and Mrs. Lloyd Cox were on the decoration committee.

The group of each table gave a presentation for the program. Opera singing, "tin pan" orchestra, piano solos, a fire engine skit, humorous readings, an act on the art of baking a cake, a trick or treat act and a butterfly display, were the features of the program.

Carl Zehner Jr. was in charge of the devotions for the evening. Mr. Gladden Troutman, president of the Circle, conducted a short business session.

He announced the committees for the May 27 meeting, which will feature a circus party.

The program committee will be Mr. and Mrs. Delvin Smith and Mr. and Mrs. Gladden Troutman. Heading the lunch committee are: Mr. and Mrs. Herbert Hammel, Mr. and Mrs. Truman Eberly and Mrs. Grace Walters.

## 12 Attend Meet Of Pythian Sisters

Eleven members and one guest attended the April meeting of the Past Chiefs Club of Pythian Sisters, held in the home of Mrs. Edgar Carmean of E. Franklin St.

The group completed its project for the month, which was to send dish cloths to the Medina home.

They discussed various projects for the future. A card was sent to Mr. Charles Feller, who is in the Pythian home at Springfield.

At the close of the business session, contests were conducted by Mrs. Mary Talbut, Mrs. Harry Styers, Nellie Bolender and Mrs. Loring Evans were winners.

The hostess, Mrs. Carmean served a salad course.

The next meeting is to be held May 23 in the home of Mrs. Irvin Reid of Pershing Dr.

## Mrs. Wieant Jr. To Present Talk

Mrs. Warren Wieant Jr. of Newark will present a talk open to the public at 8:30 p. m. this evening in the guild room of Berger Hospital.

The talk is being sponsored by the General Forum of Berger Hospital Guilds.

Mrs. Wieant is the president of the southeastern district of Ohio Association for retarded children. Her talk will be "The Retarded Child In Ohio." Any interested person is invited to attend.

## Sigma Phi Gamma Elects Officers At Social Meet

Election of officers highlighted the regular social meeting of Sigma Phi Gamma, held in the home of Miss Joan Kerr of Watt St.

Mrs. William Snyder was elected president.

Others elected were: Mrs. Blen Stevenson, vice-president; Miss Martha Barthelmas, treasurer; Mrs. Carl Rihl, historian; Mrs. William Brown, editor; Mrs. Gerald Easter, welfare secretary and organizer; Mrs. Jack Hamilton, recording secretary and Miss Kerr, corresponding and social secretary.

The group made final plans for the Mother-Daughter banquet, to be held May 9 in Pickaway Country Club.

Members named to the decorating committee are: Mrs. Robert Walker and Miss Kerr.

Miss Margaret Goode and Mrs. Easter will head the program committee.

At the close of the business session, contests were conducted and prizes were won by Mrs. Brown and Miss Betty Matz.

Refreshments were served by Miss Kerr, assisted by Mrs. Rihl and Mrs. Easter.

## Personals

Circle 1 of Trinity Lutheran Church will meet at 7:30 p. m. Wednesday in the parish house with Mrs. R. D. Good, Mrs. Guy Rader, Mrs. Emma Howard and Mrs. Ferd Martin as hostesses. Devotions and Bible study will be given by Mrs. Denny Pickens and Mrs. Harry Lane will present the topic. The India Missions will be explained by Mrs. Richard Fellmeth.

Miss Mary Boldoser of Cincinnati spent the weekend with her parents, Mr. and Mrs. Charles Boldoser of Circleville Route 1.

Miss Barbara Hoffman of Cincinnati visited over the weekend with her parents, Mr. and Mrs. William Hoffman of Circleville Route 2.

The Morris Evangelical United Brethren Ladies Aid will meet at

## Anne Stocklen Is Cast In Show

Miss Anne Stocklen, daughter of Mr. and Mrs. Everett Stocklen of 146 E. High St., is cast in an original student musicale at Mary Mansel College, Toledo.

"Three Quarter Notes", title of the showing, will be presented at 8 p. m., May 12, in Ursuline Auditorium. The entire show is written, directed and produced by Mary Mansel Collegians.

Anne, a graduate of Circleville High School and a freshman in the college, also plays in the combo.

2 p. m. Wednesday in the home of Mrs. Russell England of Kingston Route 1. Members are asked to attend this meeting which will feature election of officers.

Mr. and Mrs. W. H. Voll were weekend guests of Mr. Voll's sister, Mrs. J. C. Rader of E. Franklin St.

# World Today

By JAMES MARLOW  
Associated Press  
News Analyst

WASHINGTON (AP)—This country may not be able to judge during their lifetime the success, or failure, of a pair of brothers who hold two of the most important jobs in the government.

As head of the Central Intelligence Agency, Allen W. Dulles, 63, supplies his brother, Secretary of State John Foster Dulles, 68, with information which helps shape American foreign policy.

Secretary Dulles has an obligation, as foreign policy guide in a democratic society, to keep the public as informed as possible on what the foreign policy is and the reasons behind it.

Because so much revelation at a given moment might defeat the purpose of a policy, Secretary Dulles' wisdom, or lack of it, may not appear for a month or a year and the full results may not be visible for a generation.

But CIA Dulles has no obligation at all to keep the public informed. On the contrary, his agency was created to be, because of the nature of its work, the most secret in government.

So the full achievements, or mistakes, of CIA Dulles may never publicly be known. Even Congress, which checks on every other government agency, has comparatively very little information about the CIA.

Congress doesn't even know how much money it spends or how many people work for it. CIA Dulles is answerable only to members of our congressional committees: armed services and appropriations subcommittee of both.

While members of those groups have said on the floor of Congress CIA Dulles is frank in answering their questions, they also have said they are careful not to pry too deeply into his agency's operations.

It has secrets, they say, which they don't want to be responsible for knowing.

Last year the special commission headed by former President Hoover looked into the CIA and generally gave it a pat on the back. But it had some reservations.

It said Dulles was a hard worker but tried to do too much by himself. And the commission expressed disappointment that the CIA wasn't getting more information from behind the Iron Curtain.

The CIA evaluates information gathered by its own and other government agents overseas and presents this to the National Security Council.

The NSC, composed of President Eisenhower, Secretary Dulles and other top officials, is the highest and most important policy-making body in the government.

Recently, as a result of Hoover Commission recommendations, Eisenhower appointed a committee of distinguished citizens to look into CIA operations, but only periodically, and report to him.

As of this date April 28, 1936, I will not be responsible for any bills run by any one other than myself. Paul L. Kochensperger.

## Airman Returns Income Tax Refund To Government

PARKERSBURG, W.Va. (AP)—District director P. L. Charles of the U.S. Internal Revenue Service says he has received back a check for \$23.61 from an Air Force staff sergeant — the sergeant's refund on his 1935 income tax.

Charles said the sergeant is married, the father of one child and earned slightly more than \$3,000 last year.

Accompanying the check, Charles said, was a letter which read:

"It is with great pleasure that I give this money to Uncle Sam. In the past three years, I have visited 33 countries and those visits convinced me that we are the only 'real free people' in the world. Let us pray that we will remain free."

## Federal Court's Books Finally OK

ST. PAUL, Minn. (AP)—The federal district court books here finally have been balanced. An odd penny that has been bobbing about them for 18 years was sent to the U. S. Treasury by a check made out for one cent.

The cent was left over because it was impossible to divide the coin in a 1938 land condemnation settlement after everybody was paid off.

It took the combined efforts of the district attorney's and court clerk's offices, the court itself and a local bank before the check was signed by Judge Dennis F. Donovan and sent away by mail. Estimated cost of the proceedings in time and effort—\$25.

## Bricklayers Asking \$3.72½ An Hour

CLEVELAND (AP)—A strike of bricklayers appeared certain for midnight tonight in Greater Cleveland against the Building Trades Employers Assn.

After a meeting of 900 members Sunday, Bricklayers and Masons Local No. 5 announced they would walk out unless they get a 20-cent hourly wage increase and an additional nickel an hour for their welfare fund, or a total of \$3.72½.

Bricklayers now earn \$3.40 an hour plus a 7½-cent contribution to the welfare fund.

Employers have offered the bricklayers 12-cent hourly raises for this year with another 10 cents in each of the following two years.

## Sokolsky's These Days

(Continued from Page Four)

It is unbelievable that Judge Murray found this objectionable. Would he, Judge Murray, have made a similar complaint if the arrested person were a kidnapper or an extortionist or a counterfeiter or any criminal except a Communist? Yet, Hellman is reported to have said in a speech in 1951 that the Korean conflict was mass murder on the part of the United States.

Without reflecting upon Judge Murray's integrity, it would appear that as long as the Smith Act is the law of the land, procedures concerning arrests under it should be handled like any others.

There is a continuing tendency in this country in favor of secrecy—secrecy about the conduct of government, secrecy about the conduct of foreign relations, secrecy about government documents.

What Judge Murray is discussing is secrecy of arrests, a very dangerous procedure, antagonistic to the Constitution, particularly the rights of persons under the law and all of which are antagonistic to the concept of secrecy in

## Tighter Court Qualification Asked

WASHINGTON (AP)—No one could be appointed to the Supreme Court without five years' experience as a judge of a lower federal tribunal or a state supreme court under a law proposed Sunday by Sen. Smathers (D-Fla.).

Smathers, a critic of the Supreme Court's decision outlawing racial segregation in the public schools, said he would introduce such a bill today because "the court should be reserved for judges."

The only member of the present court who could qualify under such a law is Justice Minton.

relationship to those rights. It would seem that the Judge talked too quickly.

## Our Girls and Boys IN SERVICE

Army PFC Gerald W. Chaffin, son of Charles Chaffin of Kingston Route 2, is taking part in tank firing tests with units of the 3d Armored Cavalry Regiment at Belsen-Hohne, Germany.

The tests, scheduled to end sometime in May, are designed to familiarize Chaffin with the tactical problems of tank warfare.

A tank driver in Tank Company of the regiment's 1st Battalion, Chaffin entered the Army in January 1955 and completed basic training at Fort Knox, Ky. He arrived in Europe in August 1955.

The 21-year old soldier attended Kingston High School for two years.

Pvt. Byron F. Carter, son of

Mr. and Mrs. Thomas Carter of Circleville Route 2, has completed his infantry training at Fort Jackson, S. C., and is now at Schofield Barracks, near Honolulu, Hawaii.

His address is: Pvt. Byron F. Carter, US 523-970-18; Co. C., 27th Inf. Rgt.; APO 25, San Francisco, Cal.

## Guard Finds Thugs Steal His Gun Too

LOUISVILLE, Ky. (AP)—Thomas Pruitt, 65, a night guard at Truckers Inn, knew something was missing when he woke. He had been hired after thieves

broke into the place two weeks ago. He had been provided a cot for naps and a 12-gauge shotgun. Looking around in his drowsiness, Pruitt discovered the "awfully quiet" thieves had taken money from pinball machines, cigarettes from another machine—and his shotgun.

**BANK SAVINGS IS CASH ON HAND**

It is reassuring to know that you have a liquid and readily available sum of cash at your command . . . should it be needed, either for emergencies or opportunities. Those who have savings funds with this bank can fully appreciate and enjoy this satisfying feeling. "Cash on hand" builds morale . . . increases self-respect . . . and is a potent and important part of every well-balanced personal financial plan.

There is really no adequate substitute for "money in the bank." If you have not yet started to accumulate a reserve of ready cash, we urge you to do so at once. Just call on us and open a new savings account. Deposit regular sums—and keep it up. You'll be pleasantly surprised at the ease with which you, too, can build up a backlog of dollars through sound bank savings.

## PREMEX eliminates sludge problem!

KEEPS ENGINES 50% CLEANER THAN EVER BEFORE POSSIBLE

These unretouched photos of timing gear cover plates show the amazing difference new Premex motor oil can make in the cleanliness of your engine. A million-and-a-half-mile road test shows Premex keeps engines 50% cleaner than ever before possible!

Premex creates this new standard of engine cleanliness because it eliminates the sludge problem. It contains a new dispersant discovery that treats waste products of combustion to keep them from forming thick, heavy sludge that settles out on engine parts.

In addition to keeping your engine cleaner, Premex also saves you oil! Thousands of motorists have found that with Premex they use less oil between drains.

Old or new, all engines benefit from a change to Premex.

"To help us serve you better, just send your comments to me. I'm always glad to hear from you." Tom Holiday, Sohio Customer Service Department, Midland Building, Cleveland 15, Ohio.

...saves you oil while it saves your engine

# Steel Chiefs Differing On Future Trends

## Question Of Boost In Prices Now, Later Brings Hot Debate

By SAM DAWSON

NEW YORK (AP) — Even the biggest industrial executives can differ as to what lies just ahead for the lines of business. And right now it's the high riding steel industry that has some of the sharpest differences of opinion of whether it is going.

Should steel prices be raised now or later? Are consumers piling up inventories of steel now and thus paying the ground for a possible slump in demand this summer. Are the expansion hopes of the smaller producers at the mercy of the big companies' decision on what wage concessions to grant, what price hikes to order? Is the present strong hike in earnings a short-lived phase?

In recent days the top men in the biggest and some of the medium — size steel companies have sounded off on these questions. Their answers have been not only for their wide disagreement.

Some of the smaller ones want an increase in steel prices now, saying that otherwise their profits won't benefit enough to finance their plans for growth. The bigger ones lean toward holding off price hikes until the industry comes to grips with labor at the upcoming wage negotiations. The union has served notice it wants a sizable increase in wage scales, layoff pay benefits, overtime for weekend work, and other fringe benefits.

While airing their differences of opinion on most questions before the industry, the companies are reporting on their earnings for the first three months of this year. Profits after taxes are averaging out at around 44 per cent higher than in the first quarter of 1955. In that prosperous period the industry's net income after taxes ran 60 per cent higher than in the mild recession year of 1954, when first quarter earnings trailed 1953 by 18 per cent.

The current good times spill out through most of the metal handling industries. Nonferrous metal companies show an average profit gain over the first months of 1955 of 33 per cent. Metalworking and fabricating companies show an average gain of 35 per cent.

How long this will last is a disputed point in the steel industry. Lester M. Blough, chairman of United States Steel, the biggest company, says inventories are accumulating rapidly in hands of consumers. Unless there is a strike this summer, these consumers might decide to start living off these inventories then, and demand could slump.

The chairman of Bethlehem Steel, Eugene C. Grace, insists on the other hand that his company's customers may want to increase their inventories but so far haven't succeeded because all the steel they've been able to get has had to go into immediate use. Grace, therefore, sees little reason to expect less than 100 per cent operations for the rest of the year.

### Let's All Go Shopping!

★ ★

By MRS. LEORA SAYRE  
Home Demonstration Agent  
Farm Extension Service

On our last "newsprint" shopping trip, we paid tribute to the more expensive and tender cuts of meat. Now it is time to go shopping for the less tender cuts of beef.

The larger than usual supplies of beef going to market this Spring make beef and particularly the less tender cuts—chuck, round, flank and brisket—attractive buys.

Most homemakers would probably vote in favor of any plan that would assure them of getting the most for their money in buying meat. The logic of this idea is the basis for this week's shopping hint from the consumer food marketing specialists at Ohio State University.

They suggest that the shopper buy less tender cuts of beef more often. These cuts of meat are usually less costly, yet by cooking in moist heat may be made deliciously tender in a wide variety of ways. Braising is the cooking method most commonly recommended for these less tender cuts.

\*\*\*

**FEDERAL GRADING** of meat is not compulsory. Some stores and packers prefer to sell U. S. Government-graded meat. Others prefer to use their own brands.

Grades distinguish quality characteristics. Meat is inspected for wholesomeness. The label on pre-packaged meat may give the shopper information regarding the grade, brand name, the name and weight of the cut and the price.

An important thing in buying any meat is to consider the family's preference.

Since meats are an important source of protein, vitamin B, phosphorus and iron, the wise homemaker will find it desirable to use the drippings or stock in which the meat is cooked. In this manner, more of the nutritive value of the meat will be served to the family.

Quite naturally, the number of servings per pound of meat varies with the cut and grade, and are influenced by the proportions of lean, fat, and bone. The number of average servings per pound for chuck and round steak are three to four; for short ribs, one to two; and for flank steak and ground beef or hamburger, four to five servings.

\*\*\*

**DID YOU KNOW THAT:**

Infants who have meats included in their diets catch only half as many colds as those not receiving meat, and the colds they do get last only half as long?

People in their upper years, who eat ample amounts of meat, are more alert and active and are less likely to get sick?

One of the best ways to build your body is by eating plenty of meat without the fat removed?

\*\*\*

Algeria, city in Africa, is more than three times the size of Texas.

## Blast Costs Eye

ASHTABULA (AP)—Leslie W. Miller, 49, operator of Miller's Tavern in Geneva, suffered the loss of his right eye yesterday when a garden tractor tire he was inflating exploded.

## Terminal Opens

CLEVELAND (AP)—An estimated 100,000 persons attended the two-day dedication of the new \$4½ million passenger terminal at Cleveland Hopkins Airport which ended yesterday.

Origin of the name Oklahoma is a Choctaw word meaning "red people."

## VFW Legislative Duties Assigned

The department of Ohio, Veterans of Foreign Wars, has announced through headquarters the appointment of Virgil Timmons as legislative liaison representative for the 6th Congressional District.

Timmons is a member of Henry Page Folsom Jr. Post, VFW, located in Circleville. He lives in the Kingston area.

The appointment was made by Curtis M. Jewell, state commander of the VFW.

James G. Polk represents Ohio's 6th Congressional District at the nation's capital.

## Censorship Asked

CLEVELAND (AP)—A resolution calling for legislation to prevent the showing of immoral movies in Ohio was approved by more than 400 members of the Roman Catholic Diocesan Youth at their annual convention here yesterday.

# THRILLS, ANYONE?

## JUST SIT HERE AND SWITCH THE PITCH!

What's your pleasure when it comes to cars?

What gives you the greatest kick? Lovely new lines? Luscious new colors? Lively new handling? A ride that's soft and steel-steady?

Those things, good friend, are here in plenty—but there's something else that tops them all, and its name is *action*.

You simply can't imagine how much pure, unadulterated action has been packed into Buick's new Variable Pitch Dynaflo.

There's no way to tell you how it feels to press down an inch or so on the gas pedal of a '56 Buick and get greeted by a gas-saving response that's quick as a wink and twice as sassy.

You can't possibly picture how much smoother and safer and downright spectacular a car's take-off can be—until you actually switch Dynaflo's pitch for full-power performance like never was in earth-bound travel.

Nor—in advance—can you sense the soaring sweep and unstinting obedience of this big new 322-cubic-inch Buick V8 engine. At a legal 50 m.p.h. it literally loafs along at only 10% of its full power—barely ever breathing hard, and so saving gas, staying young, lasting longer.

It's a continuous thrill—that's for certain—mile on mile, in traffic and out, at sea level or climbing toward the clouds.

So—how about giving this a try?

How about running the gamut of Buick excitements at the wheel of a '56 Buick SPECIAL, CENTURY, SUPER or ROADMASTER?

And how about the ultimate thrill—when you hear what your present car is worth in trade?

Want to make it here—and now?

*\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

**Business Service**  
GRAVEL, fill dirt, top soil, tractor and loader work. Hauling with flat or dump truck. Raleigh Spradlin, Ph. 6011.

**HUFFER SHEET METAL HEATING AND PL**

# CHS Wins Two From Frankfort, Running Victory Streak To Six

Circleville took a twin bill at Frankfort Saturday, slugging out a 15 to 2 decision in the first game and squeaking by with a 3 to 2 verdict in the nightcap. CHS has now won its last six games in a row.

The double win gives the Tigers an overall record of 7-2. Tuesday, they take on Wilmington in a game which could decide the South Central Ohio League title.

Coach Dick Boyd used Jim McConnell on the mound for only two innings of the first contest, saving him for the important Wilmington game. McConnell shut out Frankfort for those two innings and picked up the win. He and freshman Don Rowland, who relieved, gave up only three hits.

In the second game, both sides had agreed to play only five innings because rain threatened. However, neither had scored and a sixth frame was played. Frankfort got two runs in the bottom half of the inning, falling one short of the total CHS got in their half.

McCONNELL hit a home run with Mike Karns on base in the first to open up a 2-0 lead for the Tigers. The CHS hitting crew then went to work, adding two more runs in the second and eighth, in the third to run up a 12-0 lead, whereupon the game was shortened to five innings.

Jack Clark had three hits for Circleville in the first game. Team mate John Lewis had two-for-three.

Mike Hosler, for CHS, and Don Harper, for Frankfort, were locked in a pitcher's duel in the second game. Rain halted play

for 20 minutes at the end of the fifth.

When the game resumed, the Tigers scored three times and appeared to have the game sewed up. Hosler, who had had a three-hitter going, gave up three straight singles to the first three Frankfort batters.

Two errors gave Frankfort two runs. With the bases still loaded two outs later, the last batter popped out to short right field to end the game.

**THE ALL-IMPORTANT** Wilmington game will start at 4 p. m. at Ted Lewis Park. Both teams have the same overall record, but CHS has a 3-0 mark in SCOL play to the Hurricanes' 3-1.

McConnell, who has hurled 10 straight hitless and 12 straight scoreless innings, will chuck for the Tigers. Southpaw Ricky Roberts will hurl for Wilmington.

Here are the box scores of Saturday's games:

Circleville	ABRHHPOAE	Frankfort	ABRHHPOAE

**Betsy Rawls Wins Hometown Tourney**  
SPARTANBURG, S.C. (AP)—Betsy Rawls finally won her hometown's Peach Blossom Open Golf Tourney.

She triumphed in the \$5,000 event here yesterday by firing a final round one-over-par 72 that gave her a 72-hole total of 292 and first prize money of \$900. It was her first victory in the four-year-old tourney established in her honor.

Fay Crocker of Montevideo, Uruguay, shot a final 293 and won \$630.

# Field Seen Wide Open For Derby

LOUISVILLE, Ky. (AP)—The Kentucky Derby will be run for the 82nd time over Churchill Downs' history-steeped track Saturday but right there ends the certainty concerning this renewal of the \$125,000 added classic for 3-year-old thoroughbreds.

Not since Count Turf beat 19 so-so rivals in 1951 has the mile and one-quarter run been so wide open. And that is said with all due respect for Needles, the sensation of the Florida season who has been made the early choice at 2-1.

The makeup of the field depends much on tomorrow's Derby Trial, a test of one mile. C. V. Whitney's Head Man, Fabius from Calumet Farm, W. E. Britts' No Regrets, Joe Gavegnano's Ligh King, Don Ross' Countermand, Rex Ellsworth's Lover's Aid and probably four or five others will get their last chance to show Derby fitness.

Head Man, No Regrets and High King likely will be starters Saturday regardless of their showing in the Trial. For the others it is "put up or shut up."

# Middletown Cager Star In Track Too

MIDDLETOWN (AP)—Jerry Lucas, a six-foot, eight-inch sophomore, who led Middletown to the state Class A school basketball championship, still is setting records.

He practically rewrote the Middle basketball scoring record book last season.

Now he's on the track team and recently set a school record of 137 feet, 6 inches in the discus hurl. And he's a straight-A student.

**Gene Littler Again Wins In Las Vegas**

LAS VEGAS, Nev. (AP)—The fourth annual Tournament of Champions is a matter of record today and once again the champion is Gene Littler.

Littler, winner last year, went into the final round with a 5-stroke bulge over Cary Middlecoff. At the windup Gene's 71 for 281 was 4 strokes in front of Middlecoff's 70 for 285.

But Littler's putter made up for his tee-to-green game. A 19-foot pressure putt for a par on the ninth, and much of the same type of play in the run for home, won the tournament.

Out of the \$38,500 purse, Littler collected \$10,000.

Singer Frank Lane cashed in, too, for the second straight year. He bought Littler in the legal auction in midweek. He paid \$16,500 and then, as last year, sold third shares to two friends, Don Frankel of Los Angeles and Chauncey Needham of San Francisco.

Their share from the total auction pool of \$192,000 was \$69,120.

Lloyd Mangrum slipped in for third money of \$2,200 with his last round 69 and 288 total.

Dow Finsterwald of Athens, Ohio, finished 13th with 295 to collect \$1,140.

**Pro Cage Draft Getting Underway**

NEW YORK (AP)—The National Basketball Assn. scheduled its annual draft today as the league's meeting continued.

The major action yesterday was the trading of Ed McCauley to the St. Louis Hawks by the Boston Celtics. In return, the Celtics will receive the Hawks first draft choice.

This was said to be the first time in NBA history such a deal has been made.

# Wally Post Seen Threat To Big Klu

**Ohio-Born Redleg Star Gets Four Homers As Cincy Wins Twin Bill**

By THE ASSOCIATED PRESS  
Attention Ted Kluszewski. If you don't get back in that Cincinnati lineup and start swinging that home run bat at a \$40,000-a-year pace, Wally Post is going to be grabbing the heavy sugar.

Post, a farm boy from St. Henry, Ohio, is a vastly underrated slugger who can hit a ball as far as anybody.

They dug into the record books at Cincinnati Sunday when the 26-year-old outfielder hit four home runs as the Redlegs swept a double-header from Chicago 5-4 and 8-4. Only one man, Stan Musial of the St. Louis Cardinals on May 2, 1954, ever hit more. Stan set the record of five.

Post also hit one Saturday to make it five in three consecutive games, also one short of the major league record of six held by Tony Lazzeri, Gus Zernial and Ralph Kiner (twice).

With the help of Post's slugging, Manager Birdie Tebbetts' Redlegs finally climbed up to the .500 mark in the won-and-lost column after a sad start.

Ed Bailey and Frank Robinson joined Post's homer party and Harry Chitt, Ernie Banks and Jim King hit home runs for the losing Cubs.

Brooklyn's double defeat by Pittsburgh, 10-1 and 11-3, dropped the world champions out of the National League lead. Milwaukee, idle for seven straight days, took over on a percentage basis.

Bob Friend and Nelson King, coming to the relief of Vern Law, did the job on the Dodgers, who saw Don Drysdale, their 19-year-old rookie, and sore-armed Billy Loes knocked from the box.

Jackie Robinson and Duke Snider were injured in the first game but they are not regarded as serious casualties. The thing that hurt Dodger manager Walter Alston most was the comparison between this year's 7-4 record and last year's 13-2 on the same date.

Jack Shepard, who hit two homers all last season, hit two in the first game for the pirates. Frank Thomas and law also homered for the winners and Robinson and Roy Campanell afor the Brooks.

Ramon Montant, 23-year-old New York Giants right-hander, turned in one of the season's best pitched games, a one-hitter against Philadelphia. A first-inning single by Del Ennis that drove in a run was the only hit.

The Phillies topped the Giants in the first game of the twin bill 5-4. Relief pitcher Jack Meyer won it in the 10th with his first major

league home run after pinch hitter George Wilson of the Giants tied the score in the ninth. Andy Seminick had put the Phils out front in the top of the ninth.

Rain, wet grounds and cold postponed double-headers between St. Louis and Milwaukee and Chicago and Kansas City, and a single game between the New York Yankees and Boston.

Herb Score made the headlines the hard way, for the second time this season, by losing a 1-0 game. The Cleveland lefty struck out 13 Detroit Tigers and allowed only three hits, but one of the hits was a homer by Bill Tuttle in the 10th inning. Score had lost a 1-0 game to Chicago 10 days ago. Billy Pierce beat him then. Yesterday it was Wally Hoof.

Vic Barty and Al Smith each hit two homers and Hal Naragon got one to give Cleveland a split with an 8-4 victory in the second game. Bob Lemon allowed seven hits, none until Al Kaline doubled with one out in the seventh.

Baltimore beat Washington 8-6 with the help of Tito Francona's two-run pinch homer. Hal Smith and Billy Gardner also hit homers for the Orioles and Roy Sievers and Jim Lemon for the Senators. Sievers and Karl Olson also homered in the second game, won by Washington 5-4 on Dick Tetelbach's single with the bases loaded in the ninth.

# County Teams Set To Play Ball Today

Because Class B drawings are scheduled for Tuesday in Columbus, every effort is being made to play the semi-finals of the Pickaway County tournament today.

Jackson and Scioto were to meet at 1 p. m. with Ashville and Pickaway scheduled for 3 p. m. Both games are set for the Broncos diamond in Ashville.

District pairings are to be held Tuesday at 8 p. m. in a Columbus hotel. Pickaway County must have two teams listed by that time for district play.

In view of this late rush, there probably will not be a final game in the county, according to George McDowell, county superintendent of schools.

# John Landy Preps For Tests In U.S.

SAN FRANCISCO (AP)—John Landy, Australia's world champion miler, arrived in the United States yesterday and almost immediately began working out for two races in which he hopes to crack his 3:58 record.

After a news conference and lunch he got into a sweat suit and tennis shoes and worked out on

# Gene Thimmis Wins Feature At Atomic Oval

Gene Thimmis of Circleville won his first feature race of the season when he led the field of stock cars Saturday night at Atomic Speedway, south of Chillicothe.

Thimmis came in second in the winners' handicap, which was won by Jimmy Meeker of Chillicothe. Meeker was the big winner of the evening, coping the first heat, turning in the fastest time (0:19.35 for the third-mile oval) and placing second behind Thimmis.

Another local driver won a top spot. Speedy Sims won the second heat. Spike Spears of Chillicothe took the third heat. The consolation race was won by Paul Spencer of Portsmouth. Although most of Ohio received rain, promoter Bill Kitchens said "nary a drop fell at Atomic."

the grass around the baseball diamond at the University of San Francisco.

He runs Saturday in the "special" mile race at the USC-UCLA track meet in Los Angeles Coliseum, and again in the Fresno Relays May 12.

# Moore Scheduled Against Thompson

TUCSON (AP)—Light heavyweight champion Archie Moore takes on Tiger Gene Thompson in a non-title 10-rounder here tonight and then will begin serious training for his title defense against Yolande Pompey in London, June 5.

Moore, who now claims the vacant heavyweight title, too, has won seven straight tuneups since he was flattened by retired heavyweight champion Rocky Marciano on Sept. 21. In his last start, Moore stopped Sonny Andres in the fourth round.

# Coley Wallace Hurt In Match

BOSTON (AP)—Coley Wallace of New York, former heavyweight contender, is expected to be released in a day or two from Massachusetts General Hospital where he's recovering from a "moderately severe brain concussion" received in the ring.

The heavyweight boxer received the injury Saturday night when he was knocked down in the 10th round of his preliminary fight with Bob Woodall of Boston.

# OSU Expert Advises: Mulch Your Garden, Don't Cultivate It

Pickaway County farmers can obtain experienced advice and up-to-date literature on their farming problems at the County Extension Office located in the Post Office Building, S. Court St., Circleville. The office here is the link between district farmers and the College of Agriculture, Ohio State University.

Why cultivate your garden unless you need the exercise? Mulching is more efficient.

This advice comes from Victor H. Ries, Ohio State University extension floriculturist, who says mulching does a better job of catching and retaining rainfall than cultivation, and it controls weeds just as well. About the only advantage of cultivation, says Ries, is that it helps the gardener with the big waistline.

A mulch has an additional advantage that cultivation does not have, according to Ries. During hot summer weather when soil temperatures reach the 70's and above, the roots of many plants go dormant and the plants stop growing. A 1 to 2-inch layer of organic matter acts as insulation and keeps the soil cooler. This prolongs plant growth during the summer.

Mulch tests conducted by the horticulture department at Ohio State showed chopped corn cobs, with pieces about the size of the end of your thumb, gave the best results. Peat moss, straw, rotted leaves, sawdust, shavings and fresh or rotted manure are other mulch materials which may be used. Grass clippings are satisfactory, too, Ries says, but he suggests you leave them on the lawn.

Time to apply a mulch is mid-Spring after the ground has lost most of its excess moisture by drainage and evaporation. An inch layer is the minimum. Mulch materials have practically no fertilizing value, Ries explains. To feed the bacteria decomposing the mulch material you should apply a fertilizer containing nitrogen before spreading the mulch. This prevents starvation of the plants. A complete fertilizer, such as 4-12-4, 5-10-5 or 5-10-10, is easy to get and apply. Use 1 to 2 pounds per 100 square feet and apply at least once a year.

Two types of caterpillars—one that lives in a silken tent at night, the other preferring open air—will be major pests on trees early this May.

They are the eastern tent caterpillar and the European pine sawfly, says Edward J. Duda, entomologist of the Bartlett Tree Research Laboratories. "Both will appear in heavy infestations in many areas east of the Rockies," he forecasts.

Tent caterpillars build dirty, white nests in tree forks. Day-times, the wriggly black worms riddle leaves of apple, black cherry, wild cherry and flowering crabapple trees. When abundant they move on to hawthorn, plane, willow, poplar, birch, beech and maple trees.

Pine sawfly larvae hatch the latter part of April or the first part of May. Red pine is their

favorite food. They also attack mugho, Scotch, jack and Austrian pine. These grayish-green caterpillars can strip a pine in a week or so, when infestation is heavy.

To control both these pests is relatively easy. Spray with a good insecticide. Use arsenate of lead (except on cherry), DDT or malathion.

Profits from 1956 corn crops can be kept high by good soil management including fertilizer use that enables farmers to get bigger yields per acre on fewer acres, reports the Middle West Soil Improvement Committee.

Higher yields per acre mean lower costs of production per bushel, the committee points out. This helps a farmer get more net return, even if prices decline.

The committee suggests these steps for farmers aiming at top corn yields per acre:

- 1—Keep fertility high by adding sufficient fertilizer containing balanced supplies of nitrogen, phosphate and potash to meet the peak demands of the corn crop during the growing season. A soil test can be a good guide.
- 2—Match the high fertility with a high stalk population, so the crop can make full use of all the nutrients and moisture the soil can supply. Plant proved, well-adapted hybrid seed.
- 3—Keep insects under control.
- 4—Where needed, use mechanical conservation methods such as

## 2-Faced Clock Tells Both Fast, Standard Times

NASHVILLE, Tenn. (AP)—It's a real two-faced clock that tells you one story when you're going east and another when you're going west.

But it's probably the only clock in town that tells everybody the right time.

The clock is the one at the front of the building jointly owned by two separately owned daily newspapers—the morning Tennessean and the afternoon Banner.

The Tennessean, which supported the move to shift Nashville clocks voluntarily to Daylight Saving Time, had the face of the clock on its side of the building on "fast" time.

The Banner kept its face of the clock on Central Standard Time. The city officially is on Central Standard Time, though many businesses and individuals voluntarily follow daylight saving.

## Food Pack Plant Levelled By Fire

PORTLAND, Ore. (AP)—A block-square food processing plant was destroyed in a roaring fire Sunday after flames erupted from a boiler room.

Company officials estimated the loss at 1½ million dollars.

The Northwest Packing Co.'s No. 1 plant and general offices were leveled. Firemen checked the flames after a two-hour fight, hampered by low water pressure. No employees were in the building and no firemen were injured.

The loss included a large supply of dog food, valued at \$500,000. Firemen did not list the cause immediately.

contouring and strip cropping to keep moisture at home and cut down erosion losses.

## Top Cincinnati Industrialist Dies On Ship

CINCINNATI (AP)—Relatives were to go to New York today to await the body of Walter E. Schott, 55, one of Ohio's top industrialists, who died Sunday while en route to Europe aboard the steamship Queen Mary.

In New York, representatives of the Cunard Line said the wealthy Ohioan died of a coronary thrombosis. They said his body was to be taken ashore at Cherbourg, France, when the ship docked there today.

The body was to be flown back to this country.

Schott and members of his family extended their holdings until they included a multi-million dol-

lar empire of manufacturing plants, business real estate, hotels and a firm rated as one of the largest growers and distributors of fruits and vegetables in the nation.

The hotel holdings included the Vernon Manor in Cincinnati and the Kenilworth Hotel in Miami Beach, Fla. Schott was a partner of TV star Arthur Godfrey in the latter enterprise.

The fruit and vegetable concern, acquired only last year by Schott and his associates, is the S. A. Gerrard Co.

Three years ago, it was figured that he and his brother, Harold, owned 31 companies worth an estimated 20 million dollars. They included manufacturing plants in Cincinnati, Mansfield, Cleveland

## River Steamer Given Challenge

HUNTINGTON, W. Va. (AP)—The captain of an oil-fueled steamer, which lost an eight-mile race on

and Toledo; Toronto, Canada; Buffalo, N. Y., and Erie, Pa.

In 1952 he bought the Northwest Auto Supply Co. of Billings, Mont. for \$1,500,000. That firm owned a 26,000-acre cattle ranch and a radio station.

He and his family also owned the Shapleigh Hardware Co., of St. Louis and the 13-story building in downtown Cincinnati which houses the Cincinnati Enquirer.

Schott, a Catholic, was to have had an audience with Pope Pius XII, during his trip to Europe.

the Ohio River to a coal-fired competitor, has put in his challenge for another race.

Capt. Phil Elsey, whose boat, the Weber W. Sebald, lost by six

to eight feet in yesterday's event, suggested next July 4 for another race with winning steamer, the J. T. Hatfield. The Hatfield was piloted by Capt. Charles Young.

## Footsaver Education

by DAVE BLOCK of Block's Shoes

IN THIS WEEK for Sunday, March 13 a doctor reported that three out of every four develops foot trouble in the first twenty years.

He said, "Since most foot trouble is caused by ill-fitting shoes, parents should learn how to select the right shoes for their children as they grow up."

To help interested parents, this writer will answer questions in a weekly column. Mail your question to Block's Shoe Store, 104 E. Main, Circleville, Ohio.
